READ BEFORE ORDERING

This price list cancels all previous lists or quotations and is subject to change without notice.

Prices shown are for plants only and do not include planting. If planting is desired, charges will be made for the time and materials necessary to complete the work.

The prices shown herein are for standard sizes and grades of stock. Pruning and transplanting produces many plants that are heavier and nicer than standard grades. Prices for these will be in proportion to their value. Selected plants tagged in the nursery will be charged for according to value regardless of the prices listed herein.

SPECIAL CASH AND CARRY PRICES (SAVINGS OF 10% OR MORE ON PLANTS ONLY.)

Our roses are grown in California by the best
growers of roses anywhere.

THEY LIVE TO BLOOM AGAIN

With the approach of winter, all growing things prepare for their period of rest . . . among them, perennials. Plant them in the fall, so they can fulfill their promise of a colorful season of bloom from early spring to autumn.

We have a large selection from which to choose. Perennials will afford a lovely display of color practically every month in the year.

We suggest a visit to our nursery today.

PERENNIALS FOR PERMANENCE

This list contains only perennials which grow satisfactorily in this section. Other varieties are sometimes available.

Special lists of some varieties follow this list.

The prices of all perennials, unless otherwise indicated, are .50 ea., 3 for \$1.35 and \$5.00 per dozen.
